

# Personal Page

## Space

Hi and welcome to my personal space. Here you're going to read briefly about my profile, academic journey, research interest, among others.

## Brief Info

I am currently a doctoral student at the School of Computing, University of Eastern Finland. Before enrolling for the doctoral programme at the University of Eastern Finland, I completed my Master's degree in Computer Science from the University of Ilorin, Nigeria and Bachelor degree in Computer Science from the University of Jos. I am a member of **edTech research group**, **IMPDET-LE**, and **Finnish UniPID DocNet Researcher**. I fully began my lecturing career at the Salem University Lokoja in 2018. Before then, I have worked as the Head of ICT, Social Investment Programme, Lokoja, Kogi State, Nigeria. For over 4 years, I have been developing web applications that cut across the financial management system, integrated payroll system, school, and student portals.

I have also organized tutorials for computer science students at higher institutions in Nigeria including Federal University Lokoja, where I co-taught Introduction to Computer Science, Digital Logic Design and Introduction to Programming (with Visual Basic and Java).

## Contact Details

Tel:	+358417167648
Emails	fridaya(at)uef.fi or agbofredonline(at)gmail.com
Skype	agbo.fred

## Research Interest

My research interests span across educational technology, smart learning environment, computational thinking, problem-solving and algorithmic design. Currently, I am working on my Ph.D. research entitled: design and development of a smart learning environment for programming education.

My supervisors are Dr. Solomon Sunday Oyelere, Dr. Jarkko Suhonen, and Prof. Markku Tukiainen

## Grant and Award

S/N	Date	Award	Funding Organisation	Purpose
1	8.1.2019	1,500 Euro	School of Computing, UEF	Research travel grant

## Publications

1. S.S. Oyelere, L. Tomczyk, N. Bouali, **F.J. Agbo** (2019). Blockchain technology and gamification – conditions and opportunities for education. *Book in Jaroslav Veteška (ed) Adult Education 2018 – Transformation in the Era of Digitization and Artificial Intelligence*. Publisher: eská andragogická spolenost/Czech Andragogy Society Praha/Prague
2. **F.J. Agbo**, S.S. Oyelere, J. Suhonen, M. Tukiainen, (2019). Smart learning environment for computing education: readiness for implementation in Nigeria. *Accepted for presentation at the EdMedia + Innovate Learning 2019, Amsterdam, Netherlands*
3. S.S. Oyelere, **F.J. Agbo**, A.A. Yunusa, I.T. Sanusi, K. Sunday, (2019). Impact of Puzzle-based Learning in Computer Science

Education: the case of MobileEdu. Accepted for presentation at the 19th IEEE International Conference on Advanced Learning Technologies - (ICALT 2019), Maceió-AL, Brazil

4. **F.J. Agbo**, S.S. Oyelere, (2019). Smart Mobile Learning Environment for Programming Education in Nigeria: Adaptivity and Context-aware Features. Accepted for presentation and to be included in the proceedings of Computing Conference 2019, London UK

## Thesis

1. **F.J. Agbo** (2017) Semantic Web-Based Model for Intelligence Gathering Using Thematic, Spatial and Temporal Components. Masters Degree thesis at the department of computer science, school of postgraduate, University of Ilorin, Nigeria.
2. **F.J. Agbo** (2013) Design and Implementation of a human resource management system- the case of CHAN, Nigeria. Bachelor Degree thesis at the department of computer science, University of Jos, Nigeria

---

## Other Academic Activities:

1. Paper reviewer for International Conference on Computational Science and its Applications (**ICCSA 2019**)
2. Paper reviewer for Constructionism, Computational Thinking, and Educational Innovation (**Constructionism 2018**)
